

WEDDINGS AT DENNIS UNION CHURCH

These guidelines are offered for your planning; it is our hope that your wedding day may be a wonderful and memorable event and that God's richest blessing may attend your marriage.

Dennis Union Church stands within a long Christian tradition which affirms the importance of the relationship of marriage, believing that marriage is, in the words of the United Church of Christ's Order for Marriage, a "sacred and joyous covenant". It has both public and private aspects. A Covenant is made between two people who are also in covenant with God. The covenant relationship is entered into through the exchange of vows. The guests who make up the worshipping congregation witness to this covenant. They also dedicate themselves to supporting and encouraging the couple as they seek to fulfill the promises made before God and to each other. Every wedding service additionally includes the elements of thanksgiving and dedication. The marriage partners and their families and friends give thanks to the Lord for bringing the couple together in love. And the couple dedicates their new relationship to God, seeking the guidelines and empowerment of the Holy Spirit and growth in the Christian faith.

In accordance with our Statement of Welcome, our Sanctuary is open for weddings to all persons, regardless of race, gender, age, ethnicity, sexual orientation, ability, or economic circumstance. Recognizing a sense of responsibility to the couple being married, and to the Christian understanding of the marriage covenant, the church's Board of Deacons support the following guidelines:

RESERVING THE SANCTUARY

Requests for weddings should reach the Pastor at least 60 days in advance of the proposed wedding date. Accommodation of your choice of date will depend on availability of the sanctuary and clearance by the Board of Deacons. Receipt of your non-refundable deposit confirms your reservation. A checklist for information regarding the plans for your wedding ceremony will be provided; please return to the church office as soon as information is available.

THE WEDDING CEREMONY

Your wedding is a service of worship rooted in historic and traditional Christian rituals. The ordained minister who will officiate at your wedding will provide you an outline of the wedding service as usually conducted. We encourage you to participate in creating a service that honors the past, is faithful to the Christian traditions of marriage, and expresses your own love, lives, and relationship. If requested, other clergy may share in the ceremony with permission of the minister.

CLERGY, COUNSELING AND PLANNING

The wedding service will be presided over by an ordained minister. Once a date for the wedding is confirmed, you'll need to arrange a couple of dates to meet with the pastor. Meetings prior to the wedding to plan the wedding and discuss the upcoming marriage are encouraged. By special arrangement, permission may be extended to an ordained clergy person to co-officiate at the service.

LICENSES

To get married in the state of Massachusetts, you will need to file for a Certificate of Marriage with a Town Clerk's office. You may file with any town regardless of where in Massachusetts you are planning on getting married. The town in which you file with will have the permanent record of your marriage license. Current info from the Town of Dennis is here (link to <https://www.town.dennis.ma.us/town-clerk/pages/marriage-licenses>). The license must be presented to the officiating minister before the service -- usually at the rehearsal.

MUSIC

It is assumed the church organist/pianist will play at all weddings when organ or piano music is requested, unless other arrangements are approved by the minister and the Organist.

Musical selections will be provided from the organist's standard wedding repertoire. Requests beyond the standard repertoire may be accommodated with an additional fee; music must be submitted to the organist in advance of the wedding date to allow preparation time. A request to utilize the services of another organist or other musician for a wedding service must be approved by the organist of Dennis Union Church. Music chosen for the wedding should be appropriate for a worship service.

Additional musicians may be contracted only with the prior approval of the Organist, who shall in all events have the final responsibility for the music at the wedding. Music for performers provided by the couple must be received prior to the wedding date. If the organist arranges for musicians for the wedding, you will be notified of the cost involved and information for payment of services.

REHEARSALS

A wedding rehearsal is highly recommended. Rehearsals usually are held on an evening during the week preceding the wedding day. All participating in the wedding should be in attendance to eliminate unnecessary confusion and uncertainty during the actual wedding service.

PHOTOGRAPHY AND VIDEOGRAPHY

To maintain the integrity of the religious ceremony, Dennis Union Church provides these guidelines for your photographers and videographers:

- A designated wedding photographer may photograph throughout the marriage ceremony, as long as he/she is unobtrusive.
- The wedding service may be video and/or audio-taped as long as these procedures do not interfere with the worship service. Please consult with the minister in advance.
- Additional photographs may be staged after the ceremony.
- Guests with cameras should be asked by the ushers to refrain from taking pictures during the service.

FLORISTS AND FLOWERS

The church office can provide referral to a local florist if you need assistance. Bows, flowers, or other decorations used to decorate the pews must be attached with ribbon or string, or as arranged with the Sexton. Unity candles or other objects to be used in the ceremony must be provided by the wedding couple.

OTHER GUIDELINES:

- The church will provide an order of worship (bulletin) for the guests at your request. Copy for the bulletin must be received by the office at least 5 days in advance.
- Guest books should be provided by the wedding couple. There are stands for guest books at both entryways.
- No rice, confetti or birdseed may be used in Dennis Union Church or on the Church grounds.
- No alcoholic beverages may be served anywhere on the Church property or grounds.

A MESSAGE OF GOODWILL

We hope to make your entrance into married life together a memorable, joyful, and spiritually significant occasion. This can be a stress-filled time for you — it is our hope to make your wedding something to be enjoyed, rather than simply endured. We stand ready to listen and respond to your questions and concerns.

May God bless you as you plan your wedding and life together!
